“ *Some individuals weave themselves in to your life and simply become a staple. Tammy was such a constant source of a smile, a compliment, and a quick wit, that she was the definition of a staple.*

Around the courthouse the phrase "go see Tammy" had meaning to judges, lawyers, detectives and officers. She was as much a public servant as one could be... On so many occasions she would dedicate late hours in to the evenings when indictments needed our last second attention - organizing a crucial process behind the scenes in a manner we simply saw as seamless and automatic.

In our small sphere of criminal law she was that person you always could find coming around the corner, sharing a coffee with a friend, or being ready to give a compliment. It is that kind of personality and friendship that keeps us sane and optimistic in such a difficult profession.

We especially realize a light is lost when we all of sudden reach out in to the darkness. It certainly is a darker place now with Tammy not in our lives. She will be missed.

“ Tammy,
We had SO many years together in the Commonwealth's Attorney's office. My first memory of you was that you always greeted me with a big smile. What stands out in my memories now is that you continued to greet everyone with that big smile throughout all those years. I will always remember you, May God bless you and your family, and may you Rest In Peace.

“ I worked closely with Tammy while implementing a new case management system for the Common Wealth Attorney office. We spent a lot of time working on automating processes for the new computer system. She had a wealth of knowledge about processes in the office. She was always willing to work on getting the new system functions working in order to benefit the CWA office. Her attention to detail helped in creating efficient and complete automated processes. She always was a great pleasure to work with. She will be greatly missed.

“ To many on conversations on your moms front porch along with our mothers. The dinners and family gatherings around the holidays. The many phone calls between you and Kathy while growing up and in school. The fourth of Julys you would host always had great food and endless laughter. You even helped me come up with Carly's name when I mentioned Id like her name to be part of my Dads name, you texted me 4 names and Carly was the first. So many memories of our years of being Cousins and you will be missed along with your smile and helpfulness. May you rest in peace and we love you Tammy.

“ I have so many wonderful memories with Tammy, Donovan and Barbara. Our friendship began in 1997 on the T-ball field, and has developed into an eternal, cherished relationship, that I will always treasure. Loving, Genuine, Sincere and Fun are the words that describe her best.

I met Tammy on her first day at Circuit Court in the file room. She was a fast learner and was able to climb the ladder in Circuit. Tammy earned her shelf a job in the commonwealth. I will always cherish our times together.

I met Tammy when we were 18 and working as file clerks in the Circuit Court. We instantly became friends, sharing rides to work and lunches together almost daily. I remember our trips to New York, especially the one where we went to watch the Redskins vs. the Giants (the Redskins won but I think Tammy and I were the only happy fans that day since we were in Giants territory!). When I left Fairfax County, we lost touch briefly, but I'm so fortunate we reconnected a few years ago and picked up right where we left off. Her son and family meant the world to her. Tammy, you will be missed.

Tammy I loved our chats after work, and talking about our family, and fur babies. You had a beautiful laugh and after my retirement I thought of you often. Blessings to your family who you loved and cherished.

Such a loss at such a young age. I did not know Tammy but I knew her wonderful mother Barbara. I pray God surrounds you with his mercies during your time of loss and grief.

I met Tammy as a teenager when I worked for her mom, Barbara, at Fx Co J&DR Court. Many years later I dealt with her directly at the CW Office, she was so helpful and I knew she was a person I could count on for accurate information. My heart breaks for her entire family! RIP Tammy. 🙏
