“ Sorry to hear the news of Tammy's passing. While she could get on my nerves from time to time we were friends for 30 years through the Virginia Association of Assessing Officers. The poker games at the annual seminar and conference will not be the same without her. My condolences to her family.

“ I can't remember when I first met Tammy, but it was probably at a VAAO seminar for something related to property assessment. We'd see each other several times a year at various appraiser events. The last time I saw her was at a seminar at the Boar's Head Inn in Charlottesville. We both wanted to try out their fancy-schmancy restaurant, but after seeing the menu, we settled for just dessert instead. And yes, it was really good! My condolences to her family, and rest in peace, my friend.

I first met Tammy in 1990 at a seminar at NVCC in Annandale. We became friends immediately and we kept in touch thru the years, her tenure with the Loudoun Co assessment office, and pf course her long and successful career as the Chief Assessor at the City of Manassas. We exchanged real estate data and shared many "business" lunches and laughs over the years. I always found her to be the consummate professional that turned over every stone. She was so funny and charming. RIP my friend.
