“ I remember Terry mostly from riding our bikes in the Manassas HOG CHAPTER.  
Terry loved to ride and be with his biker buddies. He was well liked and always conducted himself in a courteous manner.  
We will miss Terry's presence in our ranks.

*Our deepest condolences in the time of your lost*

“ Our congregation would like to extend Christian sympathy to the family. We only met Terry briefly however his joy of life, love of family and determination to fight the battle were obvious. May God grant you all the peace that passes all understanding.

“ My most sincere condolences go out to the entire Halsey family & to all of his friends. Terry was a co-worker and friend for many years at IBM/Lockheed Martin and we spent about 5 years working together at the Power Plant toward the end of his career. Terry provided many good laughs, good times, and many great memories – I will never forget him.

“ I am very sorry to hear about Terry. I worked with Terry in the Facilities Coordination group before he went back into Facilities Maintenance. I was truly amazed by Terry's mechanical abilities and his vast knowledge of the systems that he maintained and worked on. You could walk into the mechanical rooms and find Terry with his sleeves rolled up and grease up to his elbows, What a Trooper he was.

“ I worked with Terry at IBM/Lockheed for many years and went to school with him at NOVA. He was quite a character. He had a knack for mispronouncing towns and places (most of the time intentionally), and kept us all in stitches. He a very industrious person, always busy. He taught me quite few things about work and life, and he will missed by all his friends and colleagues.

“ Terry was a valued, special friend for many years. My husband Jeff & I always appreciated Terry's comraderie. So many of my favorite funny stories include Terry. Like the time I dropped my bike while I tried to stop on a hill - only to hear (while I sit on the ground w/my bike) Terry drop his bike and then literally somersault down the hill behind me - way too funny!
