“ *Ted's family,*

We never met; I was also notified by natcap of your deep loss of such a special man in your lives.

May you remember him by playing videos or looking at photos during his better days hearing his voice/laughter and watching his mannerisms/gestures.

May God or whoever you believe in help you during your loss now and in the days, months, and years ahead.

RIP TED; you're one of us. Here's to be healthy again visiting your family daily and leaving them pennies showing you've been there.

“ We are deeply saddened by Ted's passing. He was always so kind and helpful; plowing or snow blowing our driveway after big snows. We will miss the fence line conversations with him and his genuine kindness.

Our thoughts a prayers are with you Sara, Sydney, Hunter, and extended family. We will help you just like Ted has helped us throughout the years.

“ Sarah, Hugs my friend. I can not find the words that would bring any comfort but may I share Isaiah 41:10-"Do not fear, for I am you you, do not be afraid, for I am your God; I will strengthen you, I will help you, I will uphold you with my victorious right hand." This verse has carried me many a day. You and your family are in our prayers for comfort, strength, and courage. Love, Susanne Arbogast and Family
