“ I have known Dan for a short time since we have worked together for the Dulles Rail Project. I always admired his ability to keep a smiling face in the spite of the issues before him. I learned things from him each time we spent time together. I will miss him, not only as a colleauge, but as a friend. You know a man's character when he speaks of his family and joys of his life first.

“ To Enka, Danny, Jason,

Enka, thank you for the love you gave to Dan and for being such a warm caring woman. You made Dan very happy in the short time you were together. It was great seeing the two of you at Starr and Tom's when you came to Florida the first of this year. Please keep in touch with us here in Titusville, Florida.

Danny and Jason, you both have lost a wonderful dad. He was a very special man who always put you "boys" first in his life. He was always happy when he was around both of you and loved you both very much. His grandson, Colton, was a treasure to him.

My deepest sympathy to all of you and to so many of Dan's very dear loved ones and friends.

“ My husband, Thomas Dan Whiting, and I dated for over three years. We lived together such a short time, but it was a blessed and happy life. Dan inspired, supported, helped, and loved me. He taught me a lot about life in this country. We had a lot of dreams and plans for our future together. Dan, I'm a lucky person to have had you in my life even for such a short time. You were always a gentleman and so kind and generous. I miss you every day. I know you are at peace in heaven now. I think about you and pray for you. Many thanks to all of you for your kindness and support during this difficult time. I know you share my grief.

“ *Dan was my brother n law but he more like a brother . I've known Dan since I was seven he always put others first any thing you needed Dan was always there to help you in any way. He would even wash and wax your car if it was in his drive way he loved having a clean car. He didn't mind taking us girls shopping he would sit on the bench at the mall and people watch until we were done. They had to take me on their dates this one time we were at the drive in and Dan would buy me anything I wanted to eat hoping I would eat and fall a sleep but instead my sister Starr ended up falling a sleep. Dan always treated my Daughter Starr as though she was his own anything she wanted she got including her first lap top he wanted her to have it to help her with school work. I can't say enough about his generosity . He would always say to me if you need anything kid let me know. Dan passed that on to my nephews Danny and Jason anything you need they are there for you, I am proud of their accomplishments and the love they have for both their mother and father I am sure he isn't washing cars now but I bet you he is keeping all our lawns immaculate in Heaven That is Dan
Thank you Dan I Love You Patty*
