“ *I met Todd in my Freshman year of high school on the indoor track team. He was amazing and such a wonderful friend. As I look back now I cannot believe it was one school year, my first in high school and his last. So much happened that year. Running track, sitting on buses, listening to The Cars, hanging out, sneaking into Rated R movies (that was me). Just being young. My nickname was Grape and he brought me purple socks. He protected me, for no reason, just because he was my friend. He was admirable - he took the blame for something I once did and I am still not brave enough to say! He showed me the nest of spiders in his room and we were both freaked out....forever. We had a failed double date with good friends. I so wanted it to be something, but we were made to be friends. Culminating on his graduation and us celebrating with Black Forest cake. And then he was gone. I saw him once at Va. Tech. And he was happy. And then we grew up. We wrote a bit on Facebook, but obviously not enough. Todd was a wonderful person his whole life long. Of this I am sure and I am sad to say goodbye.*

“ *Todd was a great friend and a great co-worker. He understood our world of Compensation. We spent some time together away from the office. He talked very highly of his children and family. It was a pleasure knowing Todd and although the time has been cut short, I am stil thankful I had the opportunity to know such a nice person who saw the best in everyone!*
