“ Van truly was one-of-a-kind, as many others have said. He had such a big heart...and just wanted to make everyone laugh. We always had so much fun together that the memories are imprinted forever! He was always so good with our kids and both Lindsay and Trystan loved him too. Wish we had more time with him, but i will cherish the memories that we have from our time together. His family is our family and when we gather together, he will be there in spirit!!

“ Van was a dedicated family man and a consummate comedian which reflected the perpetually happy person he was. He laughter was infectious and always lifted me up when I needed it the most. I worked with Van at Fairfax County Pump Stations Branch for several years and I never remember him being angry but always upbeat. The incident that I remember the most with him was the time we were teamed up to check pump stations on the weekend run and I was driving. I was already a little bleary eyed and tired as I am not a "morning person" but because he knew that about me he started on me with rapidfire jokes without cease. The issue was with me being the driver, I started to have a difficult time seeing as my eyes became so filled with tears from laughing so hard that I realized I could barely see to drive anymore and I begged him to stop with choice words along with ceaseless laughter before I potentially caused an accident. Nevertheless he continued on with the jokes and we continued down the road without any incidences although later my gut was sore from laughing so hard for so long. I pray for his wife Penny, their "children" and families along with his parents and relatives that one day we will meet again in a much better place without pain and suffering. Therein lies all of our hopes and dreams to live on as Van showed us while amongst us.....as a brother from another Mother.....I love you Van and thank from the bottom of my heart for being a true and happy friend.....Steve Cook

“ I first met Van in the late 80's when I started working for WCD. At that time we didn't actually work together so he was just someone I knew in passing. Then in 2005 I started working for pump stations and really got to know Van. We spent a lot of weekends working together and I learned a lot from Van about the job. I also learned that he was was of the most fun loving person it's been my pleasure to know. But there was much more to him than being a "funny" guy. He truly loved his family and friends. There's a lot of funny stories about Van but what I'll miss most is our talks. I also appreciate the friendship he showed to my wife Sarah. There were many a day Van and I would be f'ing off and my wife would call. If I was driving or just didn't feel like dealing with her I'd give the phone to Van and he would talk to her. Although I'll miss my friend and mourn his passing I'm glad he's no longer in pain. I just hope he finds the best crappie hole in heaven and is waiting on us . Van my brother I'll say it one more time "Love ya"
