“ Vicki told me today of Vi's passing. We have nothing but fond memories of her when we cut her hair. Always a smile. Always a joy to see her. I don't get by where she and her husband used to live in Fairfax but she comes to mind every time and she has popped into my mind over these many years. Wishing you peace and comfort in your abundance of memories.

“ There was no one in my family I loved more than Aunt Violet and Uncle John. They were wonderful to me, John and our kids..Laura was so happy to spend the summer after college living with them. We all are so blessed to have had them in our lives. I never talked to Violet that she didn't tell me how much she missed Uncle John everyday. I am just sure he was at those Pearly Gates to take her hand and welcome her She will be missed just as much as he was. Rest In Peace.
