Huddle and her mother. She also cared for her great grandchildren when needed.

The family thanks the Hospice Of The Piedmont for the care they provided to our Granny during these last few months. Thank you to Vickie Williams who implemented in her speedy admission for care. Her nurse, Katie was wonderful and supportive to all of the family. Katie answered all the questions that the grandchildren and great grandchildren had. The On Call nurses were also supportive those nights when things would come up. Special thanks to Kathy Webster who helped us by providing her kind and gentle Aide care. You all will never be forgotten.

A private grave side service will be held at a later date.
