“ Ginny and I knew each other as employees of AML. She married Ronald Robison while working at AML. Ron worked in Facilities which was a department that I supervised. Ron became sick and passed away while I was still at AML. He was a genuinely good person, husband, and father. While at AML, both Ginny and I went through breast cancer. We talked to each other a lot about our shared experience and she would drop by my office often to chat about life and what the future might hold. She was always strong and her faith gave her the confidence to know that she would be able to accept whatever happened. She was a great example to me and a dear friend. I am confident that she and Ron are reunited and she is now safe and happy in heaven. Ginny, please keep me in your thoughts and prayers. Love, Leslie

“ My sincere condolences to Ginny's family. I worked with her at AML/Quest for many years. She was such a sweet and kind person who treated everyone nice. She had a wonderful soul and always had a smile while working the reception area. I also remember her telling stories about her son. I left the lab 17 years ago, so it's been a while yet I fondly remember this lady.

*She will remain a blessing in her families heart.*

“ I was really shocked to hear this sad news. I worked with Ginny at the Quest/AML for a long time. Ginny was an exceptional work colleague. It was so pleasant to work with her. Always in a good mood, positive and very professional. She really had a way with people. Everyone loved her. Thinking of Ginny, we immediately saw her beautiful smile. She was both a valued colleague and a true friend. There are some people that make work worth it on the dreariest of days—that was Ginny.
