“ Sincere condolences to Vivian's family. I was a co-worker of hers when she was a computer programmer at FBIHQ. She was in the cubicle next to mine. Whenever I had a question, I could look over the wall and ask. She was always kind and very helpful. She was hard-working in a quiet, professional way. I am sure she will be missed by her family and that they know she lived a warm, loving life. One quirk that I remember about Vivian - she peeled a grapefruit like an orange, then sectioned it. I had never seen that before! It always smelled so good when she would peel one, and she was quick to share a section with me! Rest in peace, Viv!

“ *"My deepest condolences on the passing of Vivian."*

*Thinking back on my younger years, she was a true constant. I'll never forget the fun we had as younger teens and young adults; our memories are forever tied to the water and Lake Geneva. We spent countless hours together, skiing and sharing so many great times. Being a little older than me, she was a real source of inspiration and guidance. I will always remember those precious early years we shared."*

“ Vivian was the example of what it means to be a good neighbor and friend. I count myself lucky to have grown up next door to Vivian and the Sobolewski family. She often invited me and others to watch Fourth of July fireworks with their family, took us on fun trips to Lake Anna, and had the whole neighbor over for great Christmas eve partys ! Vivian will surely be missed, but her legacy continues in all us that knew her. Now I teach two children, the lessons I learned from Vivian, on what it means to be a good neighbor and friend. Thank you Vivian and the Sobolewski family.
