“ From Cher Terry

Wayne Grindle was in the Defense Communications Agency office when I joined a group of computer programmers (N340?) in the basement of Building 2 at HQ in Arlington in the late 1970s. He was welcoming and kind - - a helpful, caring person.

Wayne's and my work association spilled over into a lovely friendship with him and Gloria. My husband and I shared many fun times with them in Haymarket and Alexandria, including monthly evenings of poker for the men and movies for the women. One of my fond memories is when Wayne, Bob Campopiano and I planned and gave a party (in the DCA cafeteria) for all our colleagues to celebrate their promotions and my graduate degree.

Wayne's passing is a great loss. Someone very special is no longer with us.

“ Wayne was an easy going friend that never complained and always had a smile for you. He was considerate of others and a joy to be around. We brought dinner to him from St Thomas UMC every Tuesday and he never complained about what we brought. We will miss him.
