“ I met a Bill Hinely In Oakland, CA back in the late 50's when he was living with, I believe, his grandmother. We were both beginning Ham Radio enthusiasts. I'm wondering if this is that Bill Hinely? He had been in the hobby longer than I and I did learn a bunch from him which helped me as later in life Ham Radio launched me into my career in wireless communications.

“ We lived on Adak with Bill and Eileen, his kids Mom. I always remember him for the beautiful picture he took of my kids. It is still one of my favorite pictures of them.

He will be sadly missed by his family and his children Grace and Andrew.

“ I first met Bill Hinely (not exactly sure now) probably 1969 at my mother's house. I knew where I. Scotland he was based and I knew the job he did as a U.S sailor. My first impression was that he is a true gentleman and I have never had cause to alter that opinion. As a veteran I salute you. R.I.P. brother in law and friend. Barry Kydd
