“ *Billy was my best friends first and only true love. He made her smile like no one else could. He was always kind to me and all of my kids and enjoyed teasing me about my love of Tom Brady. He was great at making people laugh. He will be missed.*

“ Billy,

We shared some of the best times of our lives. Whether we were at Kings Dominion, the PWC Fair, camping, cooking out, or on some adventure Christine put together, we were always laughing and having the best time. I'm so thankful to have shared those times with you and I'll always cherish the memories.

I wish you could have seen in yourself what everyone who loved you saw so clearly. You were an amazing friend who can never and will never be replaced. I am going to miss you so much. Luckily, for those of us left behind, all we have to do is look into the faces of your three beautiful children to see you. You left behind a beautiful and amazing legacy Billy, they are the best of you.

Rest in peace and watch over us until we meet again.

*Love your friend,
Bonnie*

Billy, You were a wonderfully sweet little boy. You had a dry sense of humor even as a little child. Like the time we were on our way to church on Easter morning, you were laying your head on the front seat and in a monotone voice said ""Somebody didn't get an Easter basket". I turned around and asked what you meant and you said "the bunny is dead on the road back there". I thought I would die laughing. And the time one of the neighbor boys told you there was no Santa Clause, you were so crushed (I think you were about 5) Remember, I told you "Well you know how mean Michael is? His parents have to buy his toys or he wouldn't get anything. Your face lit up all of a sudden and you said "That's right".

Those and many other times I'm going to cherish and remember till the day I see you again. I love you baby. Sleep well.

*Love
Mother.*
