He lived a life full of love, laughter and countless memories for many years. He retired from Fairfax County Schools after years of service and was able to enjoy his life riding his Harley's and creating the BBC with family and friends who shared in his passion of adventure on two wheels and also by playing his luck at the casinos and left an impact on so many lives over his many adventures and great times with his family.

His biggest joy from life was the adventures he took with his many treasured family & friends to various places on well thought out rides that has created so many unforgettable memories which are etched in our hearts forever.
