“ Mom the hardest thing I have done was letting you go. A part of me goes with you. You have been my rock for so long, everything I have learned and past down to my children and grand children were taught to me by you, Love, Forgiveness, Caring, Giving so much giving you gave us. We always knew if we needed anything we could turn to you for you would do without to make sure we had. I look back at all the Christmas's we had growing up and wonder now "How did she do it?" And it was with love and grace you made sure we were happy. Each of us had that best friend you treated as your own child. Debbie always felt like part of the family as I did hers. So you may have had 9 kids of your own but you were mom to many. I know you are happy and pain free with dad (and his lucky number 13, Jesus picked you to join him just 13 years after dad passed) Joan, Betty, Debbie J. grandma and many more whom went before you. So mom I know with all of them you are watching over me and waiting for us to meet you in heaven when our time is up. As you said to us " I love you all the same" I Love you so much and miss you.....Until we meet again you will forever be in my heart and mind.

“ *Mom, if we were to learn anything from you it would be the love of family, you were the center focal point of our large family. You loved us All the same ,your last words to us . You and our Father's door was always open to family in need or just to drop in check out the refrigerator or see what you have cooked or baked, I think you did so to be ready for one of us to return home to visit. You were also proud of all of us and told us so . So many memories you have left us with. Love you always. Donna*
